COACH SAYS COLLEGE MUST SUPPORT TEAM

Calls Upon Student Body for Help During Coming Season. Team is Inexperienced, He Says.

LA FORCE WANTS MORE MEN.

Dr. Wood Suggests Whole College go Into Training Thruout the Fall, Is Optimistic for Good Season.

It was a fair case of putting the din in dinner when the student body sat down to the first "feed" of the College year Friday evening, and the cheers called forth by speeches from three speakers had a ring in them which indicated that College spirit is not such an intangible thing after all. The appeal of the evening was directed toward that particular virtue, as applied to the Football season, then on the verge of opening. Larger squads available for football duty were urged, along with the hearty co-operation of the student body. The speakers were Dr. Frank Wood, of the Faculty, Coach "Pete" Reynolds and Captain LaForce.

The College opened fire on the dinner course at 6.15 o'clock, and continued on its edible way with songs interspersed for nearly an hour before the first speaker was called. Capt. LaForce took the floor first, speaking from the platform where the football men sat at the training table. He stated facts to show that the football squad was not by half as large as it should be, and called upon the College to remedy the situation by sending out every available man. "Send out a squad that is big enough to represent Hamilton College," was his plea. "I may not be as fast nor as heavy as some other man here, but we want that man out for football. We want a squad three times as large as it now is. If we can't get that support, we will win in spite of it."

Reynolds Speaks.

Coach Reynolds, in his second speech to the College as its chief football engineer, analyzed briefly the real factors which make a winning team. His first appearance at Hamilton was last spring at the dinner held at the opening of the baseball season. He declared that the seasons of colleges all over the country were opening on Saturday, and that the teams which had the most earnest support of the student bodies behind them would come out on the right side.

"The football team," the coach continued, "is light, but I'd rather have a team made up of light, shifty felows than 250-pound men who come out to show their shape." Insistence on training was his next advice. The men are in strict training, and the fellows should expect that they are going to keep the rules.

Light Squad.

"The squad is composed of light and inexperienced men," Coach Reynolds said, "but when they know that their friends and room-mates and fraternal brothers are behind them, they will get force into their plays and will take care of the results of the games. Make the football men believe that you are back of them."

(Continued on p. 8)

FORTY-SEVEN MEN ARE POSTED FOR SCHOLARSHIP

Unusually Large Number is Bulletined for Good Work Last Year. Brockway & Vrooman Awards.

At Chapel Friday morning President Stryker anonunced the scholarship honors for last year. Out of forty-seven men posted four received high honor, twenty honor, and twenty-three credit. The list follows:

1915: **High Honor: Woodcock. Honor**: Clarke, Goodenough, Harper, Kimball, McNair, Sherwood. **Credit**: Adams, Dieterlen, Higbie, Johnson, Keddy, Potter, Turnbull.

1916: **High Honor: McLouth. Honor**: Aldrich, Gardner, Hawley, Nichols, Swan, Stone. **Credit**: Bergner, Daniels, Eells, Fenn, Insley, Jones, Kimball, Robson.

1917: **High Honor**: Griffith, Saunders. **Honor**: Dise, Hamlin, Holden, Kent, Lyon, Moore, P. Orr, Truax. **Credit**: Bissell, Bristol, Campbell, Hood, J. A. Jones, W. K. Jones, Miller, T. Orr.

P. D. Hasbrouck, winner in both the Brockway and Fayerweather Entrance Prize examinations, elected to take the Brockway prize. H. C. Sherman was awarded the Vrooman Scholarship.

COLE IN GERMANY.

W. H. S. Cole, '14, Root Fellow, who is studying abroad has written his father, Rev. W. W. Cole, of Vernon, under date of Septemebr 6, in regard to the situation in Germany. He speaks for the most part of the interesting places he has visited, but in regard to the war situation in Germany he says: "The news that we get from America is very slow and rare. We have read that Canada is sending 40,000 soldiers. It is not known what England will accomplish, but it is expected that Germany can handle the soldiers all right. The Germans know nothing but victory in this war. They fear God, but nothing else in the world. They are very thankful for their army."

Cole dated his letter from Halle, this being the last heard from him until a cable message reached a member of the faculty last week, which said that he was stranded in Copenhagen.

DR. STRYKER AT HOLYOKE.

Dr .Stryker left the Hill yesterday for Holyoke, Mass., where he will officiate at the ordination services of Robert J. Wicks, '04, as pastor of the Presbyterian Church there. Dr. Stryker himself was formerly pastor of the same church in the years 1883-5.

—Prof. Davenport addressed audiences in various parts of New York City last Wednesday night on the present political situation in New York State.

—Root, '03, has declared himself in favor of Hinman for the Republican gubernatorial nominee .

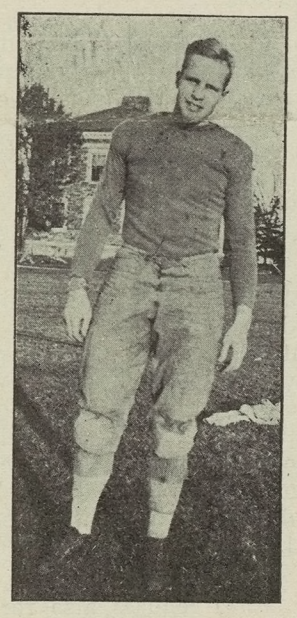
—Booth H. Kennedy, of Adams, Mass., has been elected temporary chairman of the Freshman class.

—The call for candidates for Musical Clubs will not be issued until after the Football season.

BUFF AND BLUE HAS EDGE ON ST. STEPHENS IN INITIAL GAME

Hamilton Eleven, Lined up entirely different from last year, Wins by Score of 7 to 3. LaForce and Pope star, but for the most part, the team shows inexperience.

The opening game of Hamilton's 1914 Football season was fought against the speedy St. Stephens eleven on Steuben Field Saturday and resulted in a close victory for the Buff and Blue. The score was 7 to 3. St. Stephens rushed the ball rapidly down the field in the first period of play and dropkicked an easy goal for their only score of the game. In the last quarter the Buff and Blue boys awoke from their lethargy and forced their way to St. Stephens' 2-yard line. On a mass play the ball was fumbled and the visitors recovered the ball. Gilbert blocked the kick under the goal posts and Pope ripped thru St. Stephens' secondary defense to capture the ball, planting it behind the posts for a touchdown, winning the game. LaForce kicked the goal.



CAPT. LaFORCE
Who Starred in Saturday's Game

Playing Clumsy.

Hamilton's playing was clumsy and most of the time ineffective during the first two periods, but during the last half of the game began to take things in hand and threatened the opponent's goal. St. Stephens went into the game hard from the start. They were at a slight disadvantage in weight, but had a backfield that was speedy. Their interference was excellent with but one or two exceptions. On exchange of punts, St. Stephens gained on an average of 15 yards.

For Hamilton, LaForce and Pope, veterans, showed aggresiveness. M. Gow, a new recruit, came to the fore in good shape, and will undoubtedly make good before the season closes. Schwartz and Hill, Freshmen, worked out well in their first college game. Hill put his arm out and had to be retired in the third quarter. Gilbert and Dayton evidenced great improvement over their playing of last season. Gilbert blocked the kick that resulted in Hamilton's victory in the last period.

Veteran Team.

St. Stephens came to the Hill with a veteran team, the line-up being practically the same as last season. The fullback, Kitts, played a star game, while Bierck and Dumbell made a speedy pair of ground gainers. St. Stephens expects to have a very good season this year, and in Saturday's game showed aggressiveness and snappy plays superior to the Buff and Blue. Hamilton was unable to gain steadily on line plays, and on end runs found the plays successfully blocked time and again. Bristol was several times nailed behind the line on attempted quarterback runs. The game as a whole was played in close formations. Each team tried forward passes, but they were regularly blocked.

Aggressive in Last Period.

Hamilton's real aggressiveness did not show itself until the last period, and then the Buff and Blue was unable to carry the ball over when on St. Stephens' 2-yard line. LaForce proved the best ground gainer. A double end run play used by the visitors bothered Hamilton during the opening periods, but resulted in losses in the latter part of the game.

The Game.

The game started at 3.35 o'clock, in the presence of about 300 spectators. Hamilton kicked off. Whitcomb received the ball and returned it 18 yards. Bierck carried it 6 further, and on the next play St. Stephens fumbled and recovered. A steady advance to Hamilton's 10-yard line was made, St. Stephens taking first down here. Kitts dropkicked an easy goal for the first score of the game.

Score, St. Stephens 3, Hamilton 0.

In the second period LaForce received the kick-off and ran it back 15 yards. He gained only 2 yards on the next play, and Bristol was thrown for a loss by Kitts on a quarterback run. An attempted pass to Pope gave St. Stephens the ball on Hamilton's 25-yard line. Bierck went thru guard for 5, and a forward pass was intercepted by Bristol. Pope nailed two successive plays for short gains. Kitts kicked for a goal, but the ball struck the goal post, bounding back into the field.

Hamilton then took the ball on their 20-yard line. LaForce and Paige made short gains on opposite ends. Bristol was tackled for a loss on a quarterback run and LaForce punted 25 yards to safety. Hamilton's interference seemed unable to get together effectively during this quarter of the game, and steady rushing could not be made to yield gains. St. Stephens immediately carried the ball up the field from her 15-yard line. In mid-field, however, Hamilton braced and took the pigskin. LaForce immediately punted giving St. Stephens the ball.

Second Half.

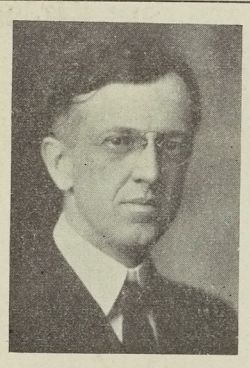
In the third period the ball ranged up and down the field, but was more

(Continued on p. 8)

DR. DAVENPORT WINS A POINT OVER "PLAIN BILL"

Court Refuses to Throw Out Signatures on Progressive Nominating Petitions. Primaries Yesterday.

About a week ago, when it became apparent to ex-Gov. Sulzer that his move in endeavoring to have the Progressive party endorse his renomination would not succeed as well as he had hoped, he attempted to discredit Professor Davenport, his only opponent in the primaries, by charging that the petition for his nomination was invalid.



Dr. Davenport.

Proceedings were instituted in the name of W. J. Rathbone before Justice Chester of the Supreme Court, with the object of removing Davenport's name from the primary ballots. Justice Chester handed the case over to the Appellate Division, before which Professor Davenport appeared in person at Saratoga to argue his case. It was brought out in court that a few of the signatures, unknown to the Progressive leaders, had been obtained in such a manner as to make them invalid, but the petition contained altogether twice the necessary number of names. The case was promptly dismissed by the court with the declaration that the proceedings were without foundation in fact and law.

The result of this little byplay was a moral victory for Davenport over the forces of the ex-Tammany man, and the practical assurance of his victory at the primaries yesterday.

—Whitcomb, Hamlin, Stackhouse and Pohl are candidates for Assistant Manager of Football.

—West, '12, was married during the summer to Miss Edgel, of New York City. West is at present teaching Mathematics and Astronomy in Waynesburg College, Waynesburg, Penn.

—Covert, Getman, Robson and Aldrich are candidates for Cheer Leader.

WIRELESS TELEGRAPHY WILL START SOON

Marconi Station Will Open in North College in Near Future. Weather Reports Will Be Bulletined.

Hamilton's first wireless telegraph station, which was in operation last spring, constructed by Jones and Huntsman, both of '17, will soon be in working order again. Last year, with the apparatus set up in Silliman Hall, and with an aerial insufficient for the best results, Jones received messages from Virginia, the Atlantic, and points in the middle west. In view of the fact that the aerial was quite near to the ground, and the receiver not very sensitive, securing messages from such a distance was gratifying to the operator.

The equipment has now been transferred to North College, where it will soon be set up, with the aerial above the roof of the dormitory. Jones has secured a more sensitive receiver, but is lacking his phones and tuning coil, the first of which he lent for the summer to an operator stationed on the coast of Maine, and the latter to a friend on board a coastwise vessel. As soon as these necessities arrive, Jones will start things ticking. Under good weather conditions he expects to receive the United States Weather Bulletins from Arlington, Va., as well as from the nearby stations. So if there is a question of doubt as to fair weather for the games this fall, Jones is the man to look for. Besides this, he ought to be able to connect up with the stations at Tampa, Fla., Key West, and the Canadian Coast, by means of which all the latest dope, both in Europe and Mexico, will be obtainable right here on the Campus. In the absence of Huntsman, ex-'17, Jones will conduct the station alone

Y. M. C. A. PLANS.

Altho it is yet early in the year, the Y. M. C. A. work is already getting under way. As a first step, President Kimball plans to reorganize the whole Cabinet. Two new men will be elected in place of Muir, '16, and Shepherd, '17, who have left College. Settlement work in Utica will be commenced next week. Schwenk will head a labor bureau, whose purpose will be to provide idle men with jobs.

The financial end is also receiving attention. It is expected to put thru a plan to raise money from alumni by subscription. Bids are being received for the Calendar.

EDITORIAL

To Syracuse!

Next Saturday the College must mobilize to the Salt City. Every man who can possibly afford it should be there prepared to fill that stadium with Hamilton noise. Let there be economy on trips to Utica and night eats at Commons; but not on the trip to see the biggest game on the Buff and Blue schedule. Scrape together that two dollars!

For next Saturday Hamilton is going to sail a Zeppelin down to Syracuse and drop a bomb in the Orange camp. This is a case where Syracuse is Mahomet; Hamilton's mountain must go to Mahomet.

And this doesn't mean that the crowd is to go to Syracuse all tired out in expensive clothes, expecting to return to the refrain of veni, vidi, victus sum. The men who go with the team Saturday should radiate optimism. Not until Reynold's team shall have perceived in the College an atmosphere of will indomitable and courage to ride over all difficulties, will it be inoculated with the germ of victory. The rooters have a distinct duty; and they should mean business.

Life is far from depressed over the issue of the St. Stephens game. Somehow, the way that that Buff and Blue team fought in the second half augured of good things to come. Once during the game, when St. Stephens was dangerously near Hamilton's goal, someone in a blue jersey said: "Boys, do it for Pete." And the line held. Pete Reynolds is going to make a team for the College if anyone in the world can do it. And Pete needs the help of all the students. Do it for Pete. If everyone is willing to show the proper amount of the "Never Give In" spirit, there isn't a reason in the world that the team shouldn't give those two hundred and fifty pound Orangemen such an argument as will leave them stunned.

* * *

Gym-Showing.

During the past week, gym-showing was started, discussed, and voted down. With the tacit consent of the upperclassmen, the underclassmen declared themselves opposed to the restitution of the traditional custom. The Faculty are strongly opposed to it. Therefore, altho **Life** holds to its opinion of last week, it is purposeless to say more now.

Within three or four days a rumor has come to **Life's** ears to the effect that the Trustees at their meeting last spring emphatically forbade the continuance of gym-showing. **Life** has been unable to verify the rumor; but from unofficial sources, the story has recurred persistently.

It is certainly farthest from the intention of any student to fly in the face of the decisions of that loyal body of men, the Trustees.

Yet one thing at least seems reasonable: that the student body should be made aware of rules fashioned to govern it.

When the present system of absence allowance was instituted, the College was informed that a man might substitute two cuts in a subject for an overcut in any other. About a year later, the College was informed thru **Life** that in case a man made that substitution, he was taking a zero in the subject overcut.

If the rumor in regard to the Trustees' action about gym-showing is true, a similar system has been followed in enlightening the students as was employed in publishing the rules regarding absences.

In a spirit of all justice, **Life** asks the College authorities to make the students aware of rules made to govern them.

* * *

The "Hello" Rule.

The Democracy of the Paddle passeth, but the Democracy of the Greeting Courteous, not yet—we trust. When all other customs fail we shall still be true to one tradition in the teeth of clenched antagonism.

There is something fine and sincere in the ancient friendliness of the Hill. The stranger feels that here, if nowhere else, the American ideal of good will to all men has been wrought into life. Our adherence to that ideal explains why Hamilton men make good citizens. Doctor Terrett stated our creed simply and well: "God meant the nation when he made the man."

Some of the Freshmen have not learned the outward evidence of our democracy. Every man of them should see to it that he has a cordial and audible "Hello" for every other student. From this rule there is to be no swerving. Equally imperative is the salute to the members of the Faculty. A man who is too lazy or too careless to lift his hat, now makes a fugitive gesture toward his right ear. Let not such a one think that he has performed his perfect duty!

Life is not often accused of vain repetitions. We hope that this matter will need no further comment. Excessive display of upperclassman authority is nauseating, but a few trenchant words from the natural custodian of tradition would not be amiss. The friendliness of the Hill —may it flourish like a right green bay tree!

* * *

"Davy."

Yesterday ended the first lap of the New York State race for political office. Notable among the Hamilton men who participated is Dr. Davenport of the Department of Law, Politics and Economics. And it has been with great interest that the undergraduate body has watched the course of his campaign. In the name of the College, therefore, altho the result of the primaries is not known as we go to press, **Life** heaps congratulations upon the esteemed occupant of the Maynard-Knox chair, and views his work with complete satisfaction. Thruout the campaign Professor Davenport has conducted himself with credit. The enemies of the Progressive party tried to invalidate petitions nominating the State ticket. Mr. Sulzer assailed his opponent's principles with all the froth of his demagogic vocabulary. He accused Hamilton's representative of being a "crab," since that animal is the only specimen known to zoology which moves backward, and since Davy's Progressivism, not agreeing with his own, seemed to Mr. Sulzer to be of a reactionary nature.

In the face of all this provocation Davenport has retained his composure and pushed his campaign without descending to the garish. Hamilton feels just pride; and she will profit no matter what may be the final outcome of the campaign. For New York State politics offers a complete laboratory for any professor of politics. And from the experiences of the autumn, Dr. Davenport's lectures will be enriched. Consequently we rejoice at his activities.

Engaging in politics is to the Maynard-Knox professor what original experiment is to the head of the Biology Department. Let us have more such effort on the part of the professors. A college respects a professor who throws himself whole-heartedly into his chosen interest; who does not merely cling to the text-books of others, but who vitalizes his department and his instruction by original effort.

* * *

The Honor System.

Life prints below a summary of the more important rules governing the honor system, technically known as the system of student discipline in examinations.

The honor system was instituted here in 1912 at the instigation of the undergraduates, and received the approval of the Faculty. Previous to that time, examinations were conducted under the direct supervision of the professors, who attempted to eliminate cribbing by spying on the students. Now a man is on his honor to conduct himself honestly in all reviews and examinations. His only monitor is his conscience; he is responsible only to his idea of right.

Moreover, while the honor system is not contrived in the least to foster spying, it should be plainly understood that it is the duty of every man to report any infraction of the rules.

Since the system was instituted, very few cases have been brought to the notice of the Honor Court. Only one case of fraud has resulted in expulsion. In that case, the man was tried by the Honor Court, found guilty, and on the recommendation of the committee to the Faculty, dismissed from College.

The Freshmen, and any others who are not familiar with the rules, should note the following excerpts carefully.

Art. I, Sec. 2. **Every student shall be on his honor to abstain from fraud in examinations or reviews.**

Art. I, Sec. 3. **Fraud in examinations shall consist in any attempt to receive assistance from written or printed aid, or from any person or his paper; or any attempt to give assistance, whether the one so doing has completed his paper or not.**

Art. V, Sec. 1. **Every student of the College shall be expected to lend his aid in maintaining these rules, and to report to the committee any fraud observed by him in an exercise conducted under this system.**

Art. V, Sec. 2. **Each student must, in order to make his examination or any other written work done in the class room, valid, sign the following statement: "I have neither given nor received aid in this examination."**

* * *

1918 Competition for LIFE.

The Freshman **Life** competition starts today. From now on, thru the year, a few energetic Freshmen will be benefitted by one of the best courses in the first-year curriculum—heeling for **Life.** The course is elective; and it has two prerequisites. A man must be willing to work, and he must have some little inclination for a pen.

Life has postponed starting the competition in order to let the crowds look over their Freshmen and send out the logical man or men for the job. Now **Life** asks you upperclassmen to select your candidates with care. For this year a man who does poor work will be requested to leave the competition; it is not fair to permit a man to work a year for nothing, provided he is obviously incapable.

As for you Freshmen, come out and make an attempt. If you are not sure of your abilities, try for a few weeks. Be a Litt'ry Guy. You'll not have the faculty fawn upon you; and if you make the Board, every typographical error will be disagreeably called to your notice. But leave your Morris chair, at all events.

Spice of Life

Balzac Turnbull has got a parrot for a room-mate. Real Poll-parrot, too. But what we'd like to know is what in thunder he'll do with the thing when the Psi U fall house dance comes around.

The gay Bohemian life for me,
Said Ge-offrey Ogil-vie,
And then he ate, with feigned glee,
A bowl of rank chop-suey.

"Say, what's Art all puffed up about?"

"Found some ham in one of G. T.'s sandwiches."

Hal Banks: "Ho, John! You'd better get a horse to take away the bed in my room."

J. M.: "Why, what's wrong with it, did it get a little buggy in the night?"

George T.: Do you know the difference between a cabbage and a pair of suspenders?

Chauncey: No.

George: What a thunder of a man to send after suspenders.

As Calvin Dulcinea Lewis so inimitably has it: The only way to speak is to speak.

One of the Freshmen in Bostwick Marsh's course came out of his class the other day exclaiming: "My, hasn't that man a sardinic countenance."

Wally Johnson, while crossing the Atlantic on the return voyage, did a great deal of writing. Besides numerous letters to the Utica Press, he is reported to have contributed largely to the Atlantic.

Putting it mildly?

Some jester hath it that Stink's overhead expenses are small again this year, on account of the durability of that same old straw lid.

The High Cost of Loving.

J. H. Patton sprained his ankle while calling in this city last night.
—Clinton Courtier

—Professor Super was commissioned by Professor Ibbotson to purchase books in Spain during the summer. As a result there are now in the library several volumes of Spanish texts and fiction.

—George H. Gouge, '11, was married last week.

—Thompson, '12, left the Hill this morning for Harvard, where he will continue the study of English Literature.

GREEK STILL HOLDS ITS SUPREMACY AT HAMILTON

Figures Show That the Number of Men Taking Greek is Increasing Twenty-nine are Beginning it.

The study of Greek at Hamilton College still holds its unique supremacy, in spite of the modern cry for vocational training and purely practical courses. Altho the general trend of high schools all over the State is conceded to be moving toward the abandonment of this classical study, the number of men who begin Greek here is steadily on the increase. Those who cannot get it in preparatory schools can begin the study here; and the enrollment in the Greek Department shows that there are many who are doing so.

Comparative figures for the past two years taken from the records of the Greek Department are as follows: Men entering with Greek: 1913-4, 17; 1914-15, 5. Men beginning Greek here: 1913-14, 17; 1914-15, 29. The total number of men enrolled for the Greek courses at the opening of each year is the same, 34. Of the 29 men beginning Greek this fall, three are Sophomores.

These figures will be noticed with interest by the classical world. Many educators of prominence have believed, while they regretted, the fact that Greek was gradually passing out of favor with the American student. Hamilton is one of the Colleges which can offer striking evidence to the contrary, as the figures quoted above reveal.

Dr. Edward Fitch, head of the Greek Department, in commenting upon the Greek status, said that the figures of enrollment showed that preparatory schools were undoubtedly falling off in their graduation of students with Greek. There is no doubt, he thought, that at Hamilton, however, the interest in that language is increasing. Students taking Greek in other colleges last year were slightly on the increase, tho in no known case as proportionately great as at Hamilton. How the enrollment compares this year with that of other colleges is not yet known.

It is safe to say that Hamilton is standing well behind her traditional bulwarks of the classical College. That a good share of the interest shown by entering men here in the Greek course is attributable to the recognized scholarly ability of the instructors in this department, is undoubtedly true.

The College Administration has all thru its history held firmly to the study of Greek as an essential to a classical course, and has not been deterred from that position. When it was found that high schools were discarding it, Hamilton opened her gates a little wider to admit those students who wanted the study, and permitted them to begin it in College. The showing of this fall is convincing in itself that the study of Greek has lost none of its supremacy here.

—The report that the Trustees are considering the installation of a printing establishment is still without verification.

SOPHS BEAT FRESHMEN.

In the first game of the annual Baseball series on Wednesday the Sophomores defeated 1918 to the tune of 9 to 6. The game was warmly contested and showed some points of interest. Conditions were not favorable for getting much of a line upon prospective Freshman material but Director Chase expressed the opinion that 1918 possessed some good baseball material. The batteries for 1917 were Peterson, P. Orr and Thompson; for 1918, Otto, Peck and Russell.

TENNIS TOURNAMENT.

The fall Tennis Tournament started off last week with twenty names entered, and is now progressing toward the final matches. The victors in the first round were P. Orr and T. Orr, '17, Ives and Link, '18. The prizes will probably be medals.

—Saunders, Moore, Whitcomb and Barto are out for the Sophomore **Life** competition.

—Mowris, '16, has entered Rochester University. Huntsman, '17, has left College, but expects to enter up with '18 next fall.

COLLEGE BAND PRACTISES FOR N. Y. U. GAME

Plan to Have a Miniature Sousa After Two More Weeks of Work. Nine Have Already Joined.

Tootings and gurglings on musical instruments of the unstringed variety, emanating from certain well-concealed rooms at odd hours during the week, have aroused a good deal of interest. Late last evening Life began a searching investigation and up to the moment of going to press was unable to find anyone who would deny the rumor that a College band had been organized.

Inasmuch as the existence of this much-needed organization has never before become a reality for more than brief periods, many have expressed the hope that the inaugurators will stick to their idea. In spite of the fact that rehearsals may be found necessary, the College is heartily behind any such movement, provided that the band practises with discretion.

Personnel.

Those interested hope that the band will be thoroly organized by the time of the N. Y. U. game, when it will come into very good use at the head of a College procession. The present personnel is as follows: cornets, Mattoon, '16, Horton, Holden, '17, Jackson, Timmers, '18; trombone, Eells, '16; clarinet, Smith, '18; flute, Covert, '16; French horn, Baumer, '16. Others are expected to join soon.

—The name of Robb MacKie, of Pittsburg, was omitted from the list of D.K.E. Freshmen in the last issue.

—Walker and Dayton, '14, are to enter Auburn Seminary this fall.

HAMILTON WILL MEET ORANGE SATURDAY

Will Play in Stadium Against Heavy Syracuse Eleven in Hardest Game of the Season.

O'NEILL HAS STRONG TEAM.

Rose, Wilkinson, Seymour, Kingsley, Form Strong Nucleus. Probst, Castle, Hilfinger Have Left.

Saturday the Hamilton eleven will go thru the hardest game of the season when it journeys to the big Stadium at Syracuse University, and opposes a team which outweighs them by twenty or twenty-five pounds to the man. Altho the Syracuse contingent showed much early-season raggedness in their first game Saturday, they also displayed a lot of power in the line, which tore large holes in the Hobart defense. It is significant that Hobart only made one first on the Orange men, while time and again the Syracuse backfield circled the ends for long gains. Rose, Wilkinson, Seymour, Kingsley, and Johnson were the best ground gainers.

Trick Plays.

With remarkable facility the Syracuse backfield manipulated successfully the forward pass. One of these was a combination forward pass and double pass. The halfback received the ball, side-passed it ten yards to the quarter, and the latter forwarded it to the end, which netted twenty-five yards. Several combinations of this pass were used during the game. The main weakness of the Orange, and the most noticeable, was their inability to kick a goal after the touchdown, only one out of six being successful.

The Syracuse line-up: Travis, le; Schlacter, lt; Smithson, lg; Shufelt, c; White, rg; T. R. Johnson, lt; Farber, re; Seymour, L. Johnson, q; Wilkinson, lh; Kingsley, Slater, rh; Rose, O'Connell, fb.

NEW FOOTBALL RULES.

Few Changes Have Been Made in Last Year's Regulations.

No radical changes were made in the rules which will govern intercollegiate football during the season of 1914, as a result of the annual meeting of the rules committee and central board of officials in New York on Sept. 19th.

The most important change was in Rule 19, Section 3, governing the recovery of a kicked ball. Heretofore when an onside kick was attempted, only a man who was behind the ball when it was kicked was eligible to recover it until an opponent had touched it. Now, if a man behind the ball at the time it was kicked touches it, every other man on the field is automatically placed onside and is eligible to recover it.

It was further decided that the side in possession of the ball should have every possible advantage in regard to ground gained by rushing. That is, in the case of a hard tackle which drives a runner back, the ball is put in play not where the runner finally landed but where his motion was first stopped. Also the defending side may use hands and arms as well as shoulders until the play has developed. The referee shall be the judge of when the play develops.

All leeway has been taken from the center in passing the ball. In case of any feints the ball shall be declared dead, whether he passes it after a momentary check or not.

BUFF & BLUE HAS EDGE ON ST. STEPHENS IN INITIAL GAME

(Continued from p. 1.)

often in St. Stephens' than Hamilton's territory. Keddy caught the kickoff and came back 15 yards. LaForce punted and St. Stephens made first down. Whitcomb was nailed by Pope on an end run with the ball on St. Stephens' 25-yard line. Dumbel went thru for 5 yards. Hamilton held, broke up the double end run play, and forced St. Stephens to punt, Bristol receiving on Hamilton's 18-yard line. Hamilton was unable to gain by La Force, Pope and Schwartz. LaForce punted. Kitts knifed thru center for 8. A pass behind the line was spoiled. St. Stephens kicked off-side, and LaForce returned the punt to St. Stephens' 35-yard line. Attacks by Whitcomb netted small gains and Hamilton took the ball on the 20-yard line. LaForce kicked to midfield. The Hamilton attack strengthened and the quarter closed with the ball on St. Stephens' 14-yard line.

Last Quarter.

The final quarter found Hamilton aggressive and gaining power steadily. The ball was taken close to St. Stephens' goal posts. LaForce went ahead for 5 yards on the first plunge on the next play, bringing the pigskin to the 2-yard line. On a mass play Hamilton fumbled, and St. Stephens captured the ball. Hamilton showed the best playing power of the game at this crisis. Gilbert broke thru to block the kick which Kitts was trying to send out from behind his own goal posts. Three Hamilton men raced for the ball as it bounded, and Pope recovered it. He carried it back between the goal posts before he was downed.

The line-up follows:

ST. STEPHENS		HAMILTON
	Left End.	
Hale		M. Gow
	Left Tackle.	
Prime		Dayton
	Left Guard.	
Bond		Gilbert
	Center.	
Lamond		Hill
	Right Guard.	
Hoffman		Emeny
	Right Tackle.	
Wood		Ogilvie
	Right End.	
Alexander		Pope
	Quarterback.	
Whitcomb		Bristol
	Left Halfback.	
Dumbell		Paige
	Right Halfback.	
Bierck		Schwartz
	Fullback.	
Kitts		LaForce (Capt.)

Substitutes: Hamilton, Dayton for Hill, Brockway for Dayton, Keddy for Gow, Griffith for Schwartz. Referee, Cooney of Princeton. Head-Linesman, Don Risley of Colgate. Umpire, Watkeys of Syracuse.

—Crumb, '15, has left College on account of illness. He will re-enter next term with the present Junior class.

—Soper, '04, preached the sermon at the autumn meeting of the Presbytery of Utica in Ilion Monday evening.

—Alvord, '12, is doing postgraduate work in Literature in Columbia.

—Among the alumni on the Hill during the past week were: Hicok, '01, Osborn, Leavenworth, '09, Colson, '11, Thompson, '12, Soper, ex-'12, Bedenkapp, '12, Fear, '13, Mengerink, Lewis and McMillan, '14.

—Renwick, '10, was married during the summer.

COACH SAYS COLLEGE MUST SUPPORT TEAM.

(Continued from p. 1)

Hamilton has an ideal situation for producing good athletic teams, he said, owing to the fact that the College is some distance even from a small town, and men are here on the Hill "all in a family." With this advantage Hamilton should turn out an A No. 1 team.

Dr. Wood was next called upon and was greeted with a long yell. He said he felt there was something artificial in a situation when men had to be urged to get out to support the football team. "I do think," he continued, "that if we could get everyone out every afternoon to play football it would solve our difficulty. I have seen English institutions where everybody had to play a game of some sort, where not even a bicycle was allowed because it made the man solitary. Everybody simply had to get together, and that is the kind of thing that will build up good teams."

The speaker said that there was some excuse for everybody not coming out to make the team, because the heavy man usually is preferred to the lighter man, and because there are some men who have not the time nor are able to come out. But the men who can and do not come out should be strongly encouraged to do what they can.

Remember Training.

"I don't believe that there is any reason to be disheartened," said the speaker, referring to the football situation. "The College should remember the fundamental thing the Coach spoke of—training. It would be a fine thing if the whole College should go into training. That would unite it back of the team. I am not much of a believer in training by spurts. We have a Captain in whom we have perfect confidence," he concluded, "and I don't see why Saturday should not set the beginning of a fine string of victories."

Much regret was expressed at the dinner by Captain LaForce and the other speakers over the inability of Huntsman, '17, to return to College. He had the making of a fine football man, and according to Dr. Wood, a strenuous capacity for work. Coach Reynolds spoke of him as the man who had trained all summer for football and declared that had the whole squad done that Hamilton would have a very different team this season.

After Dr. Wood had spoken, the meeting broke up with a pep yell for "Baldy," a long one for the team, and the singing of Carissima.

SECOND VICTORY.

Yesterday Afternoon's Game Results in Another Win for 1917.

The Sophomores defeated the Freshmen in a four-inning game yesterday afternoon by a score of 7-3. Whitman pitched for '17. Root was in the box for the Freshmen, and allowed few hits. His work was excellent. Fursman, Griffith and Root got hits off Whitman. The score by innings:

Sophs, ...	0	2	0	5
Fresh, ...	0	0	1	2

Batteries, 1917: Whitman, Petersen, Thompson.
1918: Root, Thompson.

—Mr. Coughlin, of Utica, who this fall will take the place of Mr. Stanton as Bursar and Mr. DeRegt as Warden of Buildings, plans to move into his new offices in the old library building early in November.

LEE WANTS TRACK MEN TO REPORT FOR MEET

Asks Sophomores and Freshmen to Come Out for Annual Meet. Plans Relay Team.

Captain Lee of the Track team has issued an urgent call for track candidates from the Sophomore and Freshman classes to get out for practice before the fall track meet. The meet occurs a week from Thursday, October 8, when there will be a half-holiday from 11.30 on. Captain Lee expects to be on the track every afternoon except Monday at 4.30, to take charge of the candidates. The events will be as follows: 100-yard dash, 220-yard dash, 440-yard dash, half-mile and mile runs; broad jump; high jump; pole vault, and hammer throw. It is requested that each class elect a track captain to secure the entries from their respective classes and hand the names in to Manager Thorne the night before the meet.

Relay Team.

In preparation for the formation of a relay team, which he is contemplating this winter, Captain Lee also desires all quarter-milers to report to him for light fall practice. Among the veterans on the squad Potter, Higbie and Squires look like good material for relay work. It is possible that in the spring a trip to the Pennsylvania relay races may be substituted for one of the regular track meets. If Hamilton gained a good place in the relays it would be a better advertisement for the College than victory in a dual meet. There is also a possibility of Hamilton entering a team in the relay meet at Troy this winter.

At present the track squad has been considerably weakened by the loss of Jessup, Shepard and other men from last year's team, and there is plenty of opportunity for new material, especially in the weights, pole vault and jumps.

BASEBALL SCHEDULE.

Middlebury and Rutgers Will Be on Next Spring's Schedule.

Altho it is a long way to the Baseball season, Manager "Rip" Smith has gotten things under way, and the prospects are good for a fine schedule. For the first time in several years Middlebury will be met on the diamond. The Rutgers nine will play here for the first time in the history of the College. It is uncertain whether or not Colgate will be on the schedule.

As usual, the event of the season will be the Easter trip. It will be around New York, and games have already been scheduled with N. Y. U. and Fordham. C. C. N. Y., Stevens and Lafayette will probably be played.

Capt. Erhardt has been making arrangements to have a man come up from the Polo Grounds to look over the diamond. Thanks to the appropriation of $200 last year by the Trustees, reconstruction is assured.

—Davis, '13, is studying law in Scranton.

—Miller, ex-'16, is working in Minneapolis.

—Wilkinson, ex-'17, has entered the veterinary college at Cornell.

—Candidates from the class of 1918 for Assistant Manager of Baseball have been asked to report to Manager Smith. Manager Thorn of Track has also sent out a call for Freshman candidates for Assistant Manager of Track.
